

For Immediate Release

Speridian Technologies Receives 8(a) Certification from the U.S. Small Business Administration (SBA)

Speridian Positioned To Bring World-Class Technology Solutions To The United States Federal Government

Albuquerque New Mexico, December 9, 2010, Speridian Technologies, a leading provider of state-of-the-art Information Technology services, announces that it has received 8(a) Minority-Owned Business Certification from the U.S. Small Business Association (SBA). Inclusion in this program provides Speridian with greater exposure and opportunities to work in the Federal marketplace.

By continually delivering the best, most cost-effective technology solutions, Speridian Technologies has continued to grow, even during a global economic downturn. Speridian's strong partnerships with both its customers and technology partners has enabled Speridian to expand its prowess and client base, leveraging a hard-earned reputation for bringing leading edge technology solutions to some of the world's leading health care, financial services, telecom, manufacturing and other private and public sector organizations.

Speridian looks forward to enabling Federal Agencies to:

- streamline processes
- increase systems efficiencies
- reduce overall costs
- improve returns-on-investments

With 8(a) Certification, Speridian Technologies, winner of the 2010 Southwest Regional Minority Enterprise Development Award for Global Technology Firm, is now optimally poised to bring the highest caliber, multi-channel delivered, enterprise-wide solutions, such as: Customer Relationship Management (CRM), Service Oriented Architecture (SOA), Business Intelligence (BI) and Master Data Management (MDM) systems to the U.S. Government. In working with the SBA as a certified minority business, Speridian can now advance beyond its current market share and establish a leadership position as a technology solutions provider to the Federal Government.

“Speridian has successfully undergone the extensive 8(a) evaluation process that better positions Speridian to serve the U.S. Federal Government. We are honored to be awarded this certification and anxious to bring Speridian’s extensive experience and expertise to our Government.”
Girish Panicker, CEO & President

About SBA

The U.S. Small Business Administration was created in 1953 as an independent agency of the federal government to aid, counsel, assist and protect the interests of small business concerns, to preserve free competitive enterprise and to maintain and strengthen the overall economy of our nation. We recognize that small business is critical to our economic recovery and strength, to building America's future, and to helping the United States compete in today's global marketplace. Although SBA has grown and evolved in the years since it was established in 1953, the bottom line mission remains the same. The SBA helps Americans start, build and grow businesses. Through an extensive network of field offices and partnerships with public and private organizations, SBA delivers its services to people throughout the United States, Puerto Rico, the U. S. Virgin Islands and Guam. The SBA 8(a) Business Development Program is a nine year program established to assist eligible socially and economically disadvantaged individuals develop and grow their businesses. Business development assistance includes one-on-one counseling, training workshops, and other management and technical guidance. For additional information on their programs contact the SBA New Mexico District Office (505) 248-8225.
