

The bots have arrived. We will help you succeed with Next Generation Digital Solutions.

Adopting an “automation first” mindset is the first step to making digital transformation real in the enterprise. It enables your company to move faster, serve customers better, and dramatically improve process compliance. Unburden your employees from repetitive tasks and allow them to focus on problem solving and creating value.

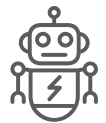

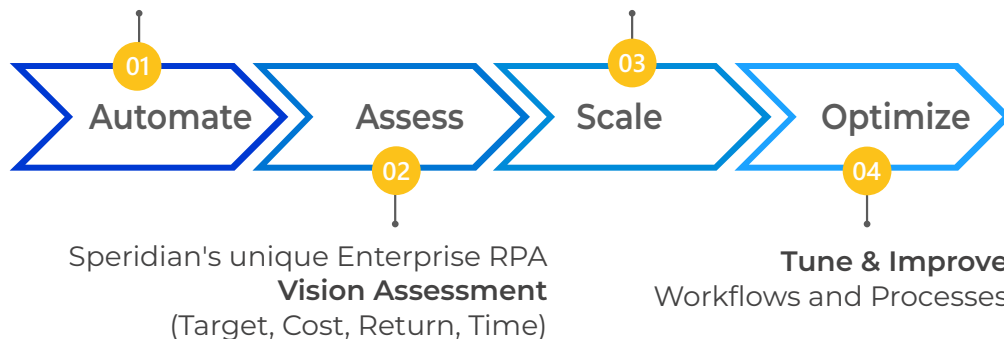

ROBOTIC PROCESS AUTOMATION (RPA)

Leverage the power of the latest AI-based technology for increased productivity with Speridian's RPA Rapid-ROI™ model

Speridian makes RPA as easy as 1, 2, 3, 4. Achieve Triple-digit ROI through our 4-pillar best practice approach:

Generate immediate value through **Automation Proof of Concept (POC)** proving out Bot technology in conjunction with Productivity/Process Simplification tools

Expand solution coverage through automating additional processes and deeper integration

Speridian is your One-stop Implementation Partner for RPA

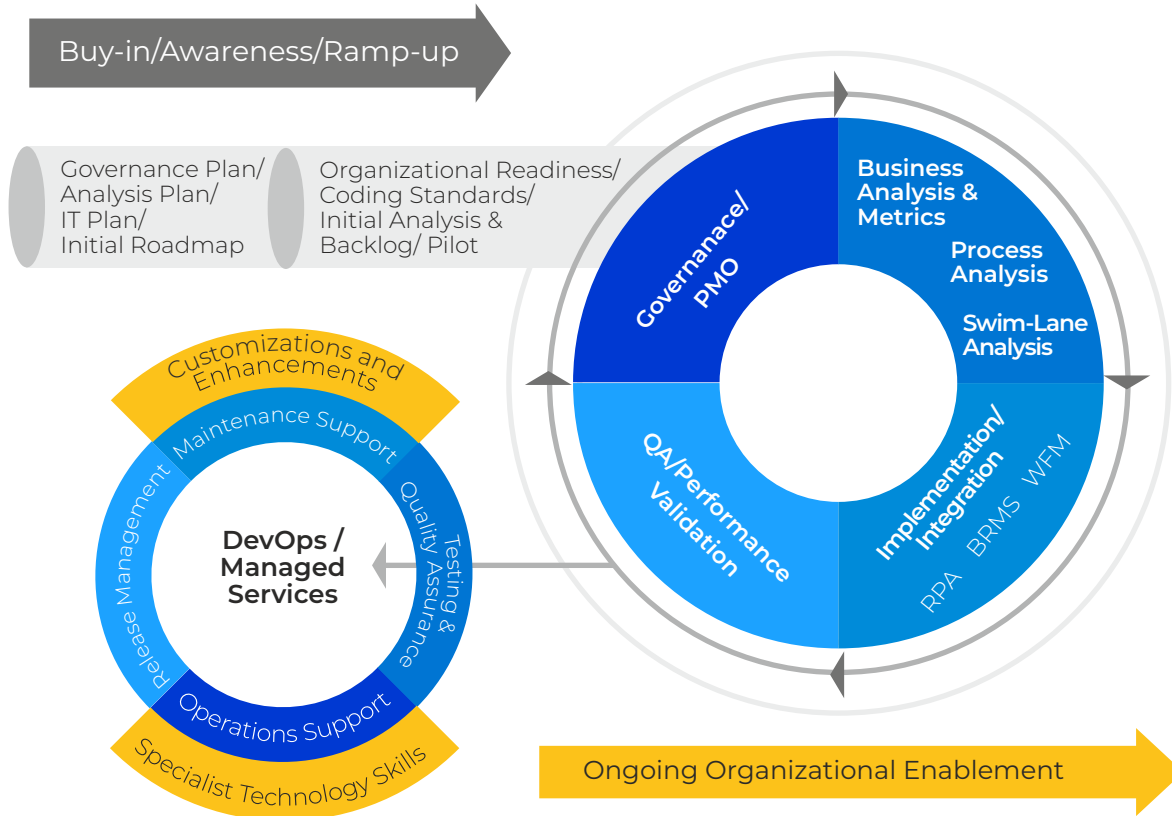

Speridian supports the entire RPA Lifecycle:

- Licensing solutions
- Value-driven RPA strategies, roadmap, and ROI models in line with organization's mission/goals based on firm metrics and KPIs
- Industry-leading RPA methodology & Analysis services
- RPA Proofs of Value / Proofs of Concept / Opportunities for cross-system leverage & process simplification
- End-to-end RPA Implementation & Integration
- Managed Services including bot governance / maintenance

Speridian & UiPath – Establishing a Robotic Delivery Service

Speridian provides a multi-disciplinary, task-based Delivery Service (“Assembly Line”) providing the capacity and core skills to implement RPA work packages on an ongoing basis. Fully aligned with UiPath’s Best-practice Methodology.

Formalized Managed Delivery Service for incremental value & business benefit based automation. Swimlane-specific Competency Centers can be established & operated separately.

Client Benefits

- 01 No end date – **Client is in full control** and able to phase out at any time
- 02 **Performance metrics** and **value-based roadmap** available at all times
- 03 Designed to **bring in client resources**
- 04 **Separation of concerns & independently scalable**
